

Price list for reprocessing of the material

- 1. Ribbing – 30/eur / t.***
- 2. Production of welded meshes – 50/eur/t.***
- 3. Ribbing + production of welded meshes – 60 / eur / t.***
- 4. Cutting to length – 30/ eur / t.***
- 5. Ribbing and cutting to length – 50 / eur/ t.***
- 6. Reprocessing of plain wire rod – 25/eur/ t.***

1. Ribbing – 30/ eur/ t.

- price for reprocessing plain wire to ribbed wire BSt 500 A in coil , internal diameter of coil 500 or 600 mm, material is tied up by steel straps 4x, marked by label

2. Production of welded meshes – 50/eur/ t.

- price for reprocessing from ribbed wire rod in coils BSt 500 A, production of standard welded meshes, packed into packages max. 50 pcs, tied up by steel straps 4x, marked by label

3. Ribbing + production of welded meshes – 60/ eur / t.

- price means the reprocessing in combination with points 1 and 2

4. Cutting to length – 30/ eur/ t.

- price for reprocessing material to length , cutting the material from coils of ribbed wire to required length, tied up by steel straps minimum 2x

5. Ribbing and cutting to length – 50/eur/t.

- price for ribbing the plain wire and subsequently cutting the material from coils of ribbed wire to required length, tied up by steel straps minimum 2x

6. Reprocessing of plain wire rod – 25/eur/ t.

- price for reprocessing of plain wire rod, loosely coiled in coils , and subsequently deprived of dross and coiled into the coils with internal diameter of 500 or 600 mm, tied up by steel straps 4x. This material may adjust the thickness on average.

Input material :

- SAE 1006 – 1008 plain wire rod
- BSt 500 A cold ribbed wire rod in coils
- After agreement it is possible to reprocessing the hot rolled material

The price for the processing of the material can be arranged individually in the case that this is a longer-term cooperation with in larger quantities. .

The prices are without VAT. The contractor reserves the right to change the prices.
